

## TMEA Assignments

TMEA All-Region Sectionals this year will begin at the conclusion of Marching Season. For the first ten weeks of school, then, we have assigned all students in the VARSITY marching band classes (periods 1, 2, 3 and 7) to record small portions of the etudes each week. Each assignment is usually one minute or less in length (slow etudes may take longer). The nine assignments are posted inside of the "haltomhsband" section of [Charmsoffice.com](http://Charmsoffice.com) in the handouts and files folder. Assignments are to be emailed to the student's concert band director by Midnight on Monday evenings each week. Students may use any format they choose to record their assignments (laptops, mp3 devices, phones, recording studio on Charms, etc.). Simply state your name and the measures of the assignments at the beginning of the recording. A metronome should be audible as you play. This assignment is a weekly test grade for all students in VARSITY marching band.
